JBLM

---

Erika,

I am assuming I'll have the soil results, and be able to determine a possible narrative to provide the USACE if PFAS is present. (b) (6) in the day, I do apologize for the later in the day scheduling.

BTW, JBLM is undergoing an extensive remedial investigation for PFAS. The new screening levels should open up more areas that were previously planned to be overlooked.

Let me know if the time/date works.

Thanks!

Very Respectfully,

---
